The Reserve Fund should be available for use on relatively short notice, and the investment policy for these funds should therefore reflect this. The Reserve Fund shall be separate from any other reserves established and maintained by ACEC Oregon.

The goal of ACEC Oregon shall be to maintain the Reserve Fund at a level such that the fund is at least thirty (30) percent of ACEC Oregon's membership dues budget, exclusive of other revenue sources. The Reserve Fund may be used at the discretion of the Board following notification to the Operations/Administration Committee. However, if the Reserve Fund drops below the minimal level, the Board shall, through a membership dues increase, restore the Reserve Fund to the prescribed policy level within a four-year period.

The Reserve Fund shall be invested at the direction of the Board in accordance with the adopted Investment Policy in commercial instruments that provide reasonable opportunities for good return with minimum risk for loss or fluctuation of principal.

## **VI. Termination Process**

The Board shall terminate a member only after the member has had the opportunity to be heard by a committee designated by the Board. The findings and recommendations of the committee shall be forwarded in writing to the Board and to the member concerned.

In addition to the process noted above, the Board shall respond to any letter of complaint that alleges a violation of ethical or professional conduct of a member by appointing a committee to investigate and render findings and recommendations in writing to the Board for disposition. The member shall have an opportunity to be heard by the committee. If the findings of the committee are approved by at least two-thirds of the Board, disposition of the complaint shall be by a letter as follows: (1) letter of dismissal of complaint, (2) letter of admonition, (3) letter of termination. The letter of dismissal shall be rendered when the complaint is judged to be without merit. The letter of admonition shall be rendered at the discretion of the Board if the allegations are judged to be true, but not sufficiently serious, and are judged to be neither ongoing nor likely to recur. Termination shall be for complaints judged sufficiently serious as to be detrimental to the interests of the engineering profession and ACEC Oregon. If the findings of the committee are not approved by at least a two-thirds majority of the Board, a letter of dismissal of the complaint shall be sent.

The action of the Board shall be final. All member classes waive any claim for libel or slander against ACEC Oregon, the Board, or employees of ACEC Oregon resulting from any action in good faith, hearing, or termination procedure under this subsection.

## **VII. Dues Cap**

Serving on an ACEC Oregon committee is a benefit of membership. Only ACEC Oregon **members and affiliate members** are eligible to serve on ACEC committees. Both **regular and affiliate members** may chair committees.
