WHERE

David Evans and Associates, Inc.
2100 SW River Parkway

SAVE \$\$! Register by January 6.

People Skills for Project Managers (3-part series)

WHO SHOULD ATTEND: Program is aimed at project managers with 1 – 2 years of project management experience.

Strong project managers who want to be leaders are in a tough spot. They are being tapped to lead but were never taught to lead.

In this program you'll learn:

STEP ONE (Feb 2):

- Assessing your Leadership Strengths and Weaknesses
- How to Work Smarter During the Day
- How to Build Loyalty and Cooperation
- How to Manage Staff and E-mail Interruptions
- How to Delegate Effectively and Let Go

STEP TWO (Feb 16):

- Case Study: The Burnt-out Project Manager
- How to Increase Your Emotional Intelligence
- How to Understand Your Triggers and Keep Your Cool
- How to Set Expectations with Clients and Staff
- How to Listen and Help Without Giving Directions

Portland, OR 97201

PARKING

Limited metered street parking is available and there are a few parking garages nearby:

RiverPlace @ The Strand
1852 SW River Drive (\$16 max.)

City Center Parking
1875 SW River Drive (\$16 max.)

Montgomery Garage
309 SW Montgomery St. (\$10 max.)

STEP THREE (March 2):

- How to Run Shorter, More Productive Meetings
- Case Study: Managing Millennials
- How to Give an Employee Review
- How to Build Your Network
- How to Think and Act Like an Owner

Includes a 52-page workbook with templates and handouts, the national bestselling book Emotional Intelligence 2.0 self-assessment.

Click here to view video testimonial from young principals at Ankrom Moisan after they completed a similar program: <https://www.youtube.com/watch?v=UE5tMpe9kRY>. Some of the people saved up to 8 hours a week!

**WED
January 18**

Program is good for accruing 1.0 (one) continuing professional development credit.

ACEC / SW Washington Public Agency Liaison Committee meeting

[Adapting Water Supplies Post-Condit Dam Removal](#)

The 2011 decommissioning and removal of the Condit Hydroelectric Dam—one of the biggest dam removal projects in US history— provided new opportunities for the City of White Salmon to secure additional water supplies while improving instream flows in Buck Creek and the White Salmon River. Aspect Consulting's president and principal hydrogeologist [Tim Flynn](#) has been working with the City for over a decade to resolve water supply issues. In his presentation Tim will discuss the short-term use of the Condit Dam water rights for stream restoration; establishment of mitigation banks associated with Condit Dam water rights for the City and Klickitat County to offset future out-of-stream demands; ongoing development of source alternatives to reduce demand on Buck Creek and improve habitat; and use of ASR to capture seasonally available flows from Buck Creek and reduce surface water diversions during critical low flow periods.

Please [CLICK HERE TO RSVP](#) - **No charge to attend!**

While it is not necessary to RSVP, it is helpful to know how many people may be attending so we can arrange for enough chairs and coffee. Thank you!

THANK YOU TO OUR SPONSOR!

- Jan 17 – ACEC Oregon/USACE Liaison Committee meeting, Portland
 - March 22 – Day at the Capitol, Salem
 - April 23-26 – ACEC National Annual Convention & Legislative Summit, Washington, DC
