New member spotlight—WELCOME!

Duval Engineering LLC provides pavement and transportation engineering services for public and private clients. Firm rep is **John Duval, PE**, President/Principal Engineer.

Nextworks LLC provides managed IT services, technology integration, managed phone services, computer services, cloud migrations, etc. Firm rep is **Andrej Miske**, Principal Consultant.

Rhino One LLC Geotechnical Engineering Consultants’ specialty is providing high-level geotechnical support to multi-disciplinary project teams. The firm performs geotechnical engineering tasks including scoping, investigation, site modeling, seismic hazard analysis, foundation analysis, pavements, trails, retaining walls, landslides, and construction observation and testing services. Rhino One staff members have completed geotechnical studies and reports including a variety of project delivery methods such as conventional design-bid-build, design build (D/B), or construction manager general contractor (CMGC). Firm rep is **Rajiv Ali, PE, GE**, Owner/Principal Engineer.

SSW Engineers Inc. provides consulting engineering and surveying services, and offers a wide range of professional services for projects both large and small. Specialties include civil and structural engineering, building and site design, land surveying and land use planning. The firm has served Pacific Northwest property owners, retail, commercial and industrial businesses, public agencies, architects, builders and developers since 1969. Firm rep is **Michael Dahrens, PLS**, President/Principal Surveyor. Other key personnel is **Michael Cox, PE**, Vice President/Principal Engineer.

Zucker Engineering & Design (ZED) specializes in developing/supporting environmentally sensitive designs and helping project teams navigate storm water, fish passage, and floodplain requirements associated with local, state, and federal permits. ZED provides expertise in storm water/water quality design, fish passage culvert design, floodplain analysis, stream restoration, trail alignment/design, and civil park support. Firm rep is Adam Zucker, PE, Principal Engineer/Owner.

"For Engineers, By Engineers"

Pacific Northwest
Consulting Engineers
Health and Welfare Trust

Organized by members of ACEC Oregon and ACEC Washington, the Pacific Northwest Consulting Engineers Health & Welfare Trust (PNCE Trust) has been offering comprehensive benefit plans at competitive prices to member firms since 1959.

As part of a pilot program, PNCE Health and Welfare Trust now covers the cost of Wellthy, a service that helps families (like yours!) take better care

For PNCE Health and Welfare Trust members taking care of loved ones with complex, chronic, or ongoing care needs (i.e. parent with dementia, spouse with cancer, child with autism), your family can save time, money, and stress with **Wellthy**.

With **Wellthy**, your family gets a dedicated care coordinator (think: personal healthcare project manager) who:

- Schedules appointments
- Refills prescriptions
- Handles prior authorizations
- Sources and vets in-home aides
- Handles a move into a care facility
- Contests insurance bills
- And much more

Click "Get Started" to connect with your Care Coordinator. You'll have the opportunity to schedule an intro call with your Care Coordinator so you can get to know each other and ask any questions you may have about the service.

CONTRIBUTE TO THE SCHOLARSHIP FUND!

The ACEC Oregon board of directors and Scholarship Committee are asking member firms to boost the profession with a gift to the scholarship fund. Thank you to **OBEC Consulting Engineers** and **Miller Consulting Engineers** for recent donations. Click [HERE](#) for more information and a pledge form, or contact mwebber@acecOregon.org.
