Thank you to the following firms for their recent donations to the scholarship fund:

**Consider joining your fellow member firms in creating a named scholarship for \$2,500, or making a donation to the general fund**

The ACEC Oregon scholarship was created to encourage incoming freshmen to choose engineering as a major and to promote the consulting engineering profession.

The Scholarship Committee awards \$2,500 per year to undergraduate engineering students attending Oregon colleges and universities. The annual recipient may remain on scholarship for four years as long as they meet the eligibility criteria.

**The ACEC Oregon Board of Directors and Scholarship Committee are asking member firms to boost the profession with a gift to the scholarship fund.**
