Coba's Capitol Comments

The pandemic legislature adjourned on June 26 and it was one for the ages. While a lot of policy was passed and budgets funded, how it was done will be remembered for years to come. The 100% virtual online setting was unique and worked well but it left a lot to be desired. The lack of close proximity did not allow relationships to bloom among the legislators themselves and most certainly not among the professionals who work to influence legislation. After some time away we'll all be back in the game preparing for the February 2022 session and the opportunities and challenges that await ACEC.

Thank you to all ACEC members and supporters who weighed in during the 2021 session and especially on our attempt to pass **SB 213**, duty to defend.

THANK YOU SPONSORS!
We are grateful for the financial support of these firms:

ACEC/PAC Golf Event – August 3
