THANK YOU SPONSORS!

Last chance!
Get out for Golf!—June 17
It’s time FORE! some fun!
Beverage carts are running!

Limited to 32 golfers!

Tee times start @ 1:00 P.M.
(9-minute interval)

1 golfer per cart / each golfer has their own cart.

Check-in starting @ 12:00 NOON.

WHERE
Langdon Farms Golf Club
Warm-up range balls and use of practice facility prior to play is included.

Registration is free with a $200 ACEC/PAC donation. (Personal donations only—corporate donations are not allowed for federal PACs.) You will automatically be entered into the Fall PAC sweepstakes.

Click HERE to register. Click on the Member Registration button (top right of page) or email mwebber@acecOregon.org.

Click HERE to make your ACEC/PAC donation.

QUESTIONS? / NEED HELP?
Contact mwebber@acecOregon.org.

No lunch, no dinner, no outside alcohol. HOWEVER, the clubhouse offers take-out. AND, the PNCE Trust is offering pre-packaged snacks!

UPDATE Good news! Now that Clackamas County has re-opened, Langdon's restaurant is back in action and all bar locations are open, and beverage carts are running!

LD SERIES SESSIONS

Enhancing Leadership
Versatility & Personal Effectiveness

Financial Management for A/E Firms
Managing Time & Relationships
Demystifying Business Development
Political Involvement & QBS
Risk Management for A/E Firms
From Doer to Leader: Lessons Learned

Leadership Development Series graduates
The following individuals completed all seven sessions of the LD Series.

- Diego Arguea, Kittelson & Associates
- Matt Bell, Kittelson & Associates
- Anthony Calcagno, David Evans and Associates
- Tom Gayne, GRI
- Lindsi Hammond, GRI
- Rachel Hanke, Peterson Structural Engineers
- Andrew Silbernagel, DOWL
- James Stupfel, DOWL
- Bob Thayne, Mead & Hunt
- Jared Trowbridge, DOWL

Congratulations!
Linda Bauer Darr
President and CEO

“I’m really looking forward to these roundtables. I’m certain they will be informative and thought-provoking and the springboard for many more conversations over the coming months. I urge you to participate in these sessions and to invite your colleagues to join us.”

ACEC Research Institute
Complimentary Roundtables on Post-COVID-19
Engineering Industry

What will the engineering industry look like post-COVID-19 and will your firm be prepared?

Even as we grapple with the day-to-day impact of the pandemic on our firms and our industry, we must plan for the future because regardless of how and when this crisis eventually abates, engineering firms will be integral to the re-opening and growth of the economy.

When we launched the ACEC Research Institute earlier this year, Institute Chair John Carrato and Vice-Chair Mike Carragher tasked us with looking into the future of the engineering industry and figuring out what it will mean to firms. Of course, no one anticipated a watershed event such as the COVID-19 pandemic. Rather than researching incremental change, we’re facing a tsunami of uncertainty.

Extraordinary challenges call for extraordinary responses and once again John and Mike came up with the goods. Over the next two months, the Institute will convene three virtual roundtables of experts addressing key questions facing engineering firms. And we’re inviting all ACEC members—and non-members—to sit in, listen to the conversations, ask questions, and demonstrate thought leadership.

June 18 Panel:
The Impact of Technology on Engineering
Given the dramatic impact that COVID-19 has had on the workforce and operation of engineering firms, the panelists will discuss technological tools to speed the design process and enhance culture and collaboration, as well as explore the interconnectivity of systems and the potential impact of AI and machine learning.

Panelists will be Autodesk Head of Machine Intelligence Mike Haley, Jacobs SVP of Technology and Innovation Heather Wishart-

June 25 Panel:
The Buildings We Live and Work In
What lasting impact will the pandemic have on the design of the commercial, high-rise, healthcare, and mixed-use buildings of the future? And what will change for firms when designing work and living spaces in this new paradigm?

We will pose these questions and more to an outstanding panel: Thornton Tomasetti Co-CEO Peter DiMaggio, Co-CEO, HR&A Advisors Partner Kate Wittels, AKF Managing Partner Dino DeFeo, and Skidmore, Owings & Merrill Associate Director Arathi Gowda.

July 16 Panel:
Funding in the New Normal
When the U.S. economy recovers, what direction will it take, which market sectors will lead the way, and what do firms need to do to ensure they aren’t left behind? Our panelists will tackle these tough questions so firms will be better positioned to take maximum advantage of the market. The panelists will also address the impact of the federal deficit, recessionary challenges, and new funding mechanisms.

The panel includes Former Manchester Airport Group Chair Rosemarie Andolino, Harvard
2020 Pacific Crest Trail Step Challenge

The PNCE Health & Welfare Trust is excited to invite you and your employees to stay active, healthy and have a little fun along the way during our 2020 Pacific Crest Trail Step Challenge. This is a free wellness team step/activity challenge exclusively open to all members of ACEC Oregon and ACEC Washington. The challenge and all prizes have been sponsored in full by the Pacific Northwest Consulting Engineers Health and Welfare Trust (PNCE).

This is a team challenge with a minimum of 5 and maximum of 25 steppers per team (firms can have more than 1 team). Each team member has a daily goal to walk 7,500 steps/day during the challenge, from June 15, 2020 through July 31, 2020. In the end each stepper who meets the daily goal will travel 352,500 steps or more. The winning team will earn a $500 donation for their charity of choice.

This virtual Pacific Crest Trail extensive hike goes from the U.S. - Mexico border all the way to the U.S. – Canadian border. During this challenge, steppers will see and experience the west as few have. Steppers will trek through the glorious Sierra Nevada’s and Cascade Mountain Range and visit some incredible national parks such as Yosemite and Crater Lake just to name a couple. After this challenge, steppers will have most definitely earned their virtual hiking badge. See you on the trail!
