Katelin Vandehey is 2018-19 Scholarship Recipient

The ACEC Oregon Scholarship Committee recently announced the winner of the 2018-19 scholarship—Katelin Vandehey* from Aloha High School. She plans to attend Oregon State University in the fall.

Congratulations, Katelin!

Thank you to the following firms for their recent donations to the scholarship fund:

*Coincidentally, Katelin is the daughter of ACEC Oregon board member and Scholarship Committee member, Ron Vandehey. To avoid any conflict of interest, Ron recused himself from the committee and selection process this year.

Consider joining your fellow member firms in creating a named scholarship for \$2,500, or making a donation to the general fund

The ACEC Oregon scholarship was created to encourage incoming freshmen to choose engineering as a major and to promote the consulting engineering profession.

The Scholarship Committee awards \$2,500 per year to undergraduate engineering students attending Oregon colleges and universities. The annual recipient may remain on scholarship for four years as long as they meet the eligibility criteria.

The ACEC Oregon Board of Directors and Scholarship Committee are asking member firms to boost the profession with a gift to the scholarship fund.
