Joint Transportation Committee meeting in Portland June 13

“We want to hear from Oregonians about their transportation priorities,” said **Senator Lee Beyer** (D-Springfield). “This tour will give us the chance to discuss shipping routes with business owners, traffic flow with community leaders, and congestion with commuters. It will provide the information we need to create the right statewide transportation for all of Oregon.”

“Oregon’s highways, bridges, ports, and rail connections need repair and modernization,” said committee co-chair **Rep. Caddy McKeown** (D-Coos Bay). “These meetings will give our committee members an opportunity to listen to Oregonians from across the state identify local transportation needs, and to build support for a comprehensive plan that will keep our economy moving and build a brighter future for Oregon.”
