

AMERICAN COUNCIL OF ENGINEERING COMPANIES OF OREGON
Since 1956

Dear Public Agency:

In order to protect the health and safety of employees, many of ACEC Oregon's member firms are now working remotely.

Given the desire of our workforce to have flexible schedules, our firms have been building the resilience of their systems for the past few years. ACEC Oregon encourages clients to take advantage of your consultant community to maintain progress on your projects. Our industry has the ability, and desire, to work proficiently from remote locations.

Please encourage project managers to stay in touch with the engineering firms so they may continue to serve your communities.

We will get through this difficult time—stay safe!

Thank you.

A handwritten signature in black ink that reads "Alison Davis". The signature is written in a cursive style and is contained within a thin black rectangular border.

Alison Davis
