RAFFLE PRIZE DONORS NEEDED!
Raffle prizes are appreciated and bring recognition to your firm. Please label raffle prize donations with your firm name and bring to the tournament. Opportunity for firm representative to draw the winner and award the prize in person during dinner.

THANK YOU SPONSORS!

Coba’s Capitol Comments
As we begin the race to the end of the legislative session (expected to be on or around June 21), legislative leaders still have key issues to prod through the process. To help keep the process moving smoothly we have moved to one-hour notice for hearings and work sessions in committees instead of the usual 48-hour notice requirements. This is a standard practice late in the session and ensures that legislators and lobbyists keep a keen eye out for fast moving amendments that can pop up just minutes before a hearing.

Government Affairs
SB 59, the Connect Oregon program bill, passed from the Joint Transportation Committee to the Ways and Means Committee with $50 million in lottery backed bonds this week. This is a renewal of the competitive grant program after the transportation bill in 2017 directed which projects would receive funding.

SB 369, substantial completion, passed from the House Judiciary Committee this week. This bill will add clarity to some recent court cases and was a compromise worked out with several groups including the Trial Lawyers. SB 369 is here: https://olis.leg.state.or.us/liz/2019R1/Downloads/MeasureDocument/SB369/A-Engrossed.

PERS remains one of the major issues yet to be tackled. Senate Republicans are hoping to give some input after agreeing to return to the Capitol last week providing a quorum so that HB 3427-A, the education and business tax increase bill, could pass. The -8 amendments to SB 1049 passed through two key committees yesterday and will go to the Senate floor soon. The new PERS bill is here: https://olis.leg.state.or.us/liz/2019R1/Downloads/ProposedAmendment/16341.

HB 2020 the carbon bill passed the Joint Committee on Carbon Reduction on a party line vote and was sent to Ways and Means. Sen. Lee Beyer is expected to introduce a bill that would require a constitutional amendment to break the highway trust fund so that some of the new funds raised in HB 2020 could go to expand the electrical vehicle system in Oregon. This bill has not been introduced yet. The carbon bill is here: https://olis.leg.state.or.us/liz/2019R1/Downloads/MeasureDocument/HB2020/A-Engrossed.

We are monitoring the activities of the Joint Committee on Tax Expenditures where the technical fix bill will be modified for the business activities tax in HB 3427-A. We will work to clarify the record on how HB 3427-A impacts the engineering profession and to clarify that the intention of the bill is to not include in gross receipts the costs paid for subcontracted services. Senator Mark Hass chairs this committee. https://olis.leg.state.or.us/liz/2019R1/Committees/JCTE/2019-05-24-08-30/Agenda

Contribute to the scholarship fund!

Consider joining your fellow member firms in creating a named scholarship ($2,500) or making a donation to the general fund.
