WHEN

Managing Time & Relationships – November 4

Transitioning from doer to leader means you start to shift your focus on what you do during the day and how you interact with the people around you to increase your sphere of influence.

In this class, you'll learn to:

- Set a vision for yourself as a leader

9:00 to 11:00 A.M.

PRE-SESSION WORK

Go ahead and get a jump on learning how to manage time and relationships by enrolling yourself in ACEC OR Pocket Tools: Managing Time ([link will be provided upon registration](#)).

Look at the videos, do the challenges and log your success.

When the class meets on November 4, you'll have from 9:00 to 9:30 A.M. to catch up on any lessons you haven't done so we can discuss your progress, insights and challenges from 9:30 to 11:00 A.M. You'll revisit the concepts in the online course, so be prepared by watching the videos before the class.

- Create an actionable plan to get there
- Plan and prioritize your day
- Manage e-mail and meetings to keep yourself focused
- Delegate more tasks with greater confidence
- Build equity and accountability with your team
- Understand how each interaction affects your progress as a leader

[Click here for more info and to register.](#)

Zoom login credentials are included with the registration confirmation (and will also be sent again to registrants prior to the program).

Program is good for accruing 2.0 continuing professional development credits.

Membership Update – November 5

ACEC Oregon Lobbyist **Marshall Coba** will give an overview of state election results. Discussion of other current topics will be included.

Complimentary for ACEC Oregon members.

4:00 to 5:00 P.M.

[Click here to register.](#)

[Click here to see who's already registered.](#)

Zoom webinar login credentials are included with the registration confirmation (and will also be sent again to registrants prior to the program).

TriMet Measure – Vote YES on ballot 26-218

ACEC Oregon supports regional transportation Measure 26-218. Voting YES on Measure 26-218 will make long-overdue safety investments in 17 of our most dangerous and congested regional transportation corridors.

Everyone in Multnomah, Washington, and Clackamas County deserve a safe and efficient transportation system, no matter how they get around. A coalition of community, business, environmental, and elected leaders came together to create Measure 26-218 to ensure that the region is making long-overdue investments in our aging roads and bridges, create tens of thousands of family-wage jobs, and help rebuild our local economy.

This package is a critical step to help relieve traffic now and plan for our region's future growth, make critical long-overdue safety improvements to our crumbling roads, sidewalks, and bridges, address racial equity through targeted programs, and create over 37,000 jobs when we need them most.

These investments will leverage over \$2 billion in federal resources that will otherwise go to other parts of the country.

ACEC National recently provided Oregon with a Minuteman grant to assist with the campaign. Please consider joining the ACEC Oregon Board with your support of Measure 26-218.
